

Greetings from the Branch Presidents,

This has been an honor to serve our Branch Presidents these last few months. I am beyond sad to miss out on being with you all in Nashville. I have enjoyed getting to know the outs and ends of the new BOE and have learned a lot about how things work. I encourage everyone to give some time to help out the order, even if only for a short time. Through email and conference calls I believe I have made new friends and connections that will last a lifetime. Thank You to all the Branch Presidents that have made me feel welcome and able to do this job! Thank You to our International President, Christine Dawson, for calling me long distance to help me out on several occasions. I am honored to have served this short, short time but look forward to serving In His Name again one day.

Sarah Bonner

BP Representative, Texas Branch
