

International Scholarship Chapter 2018 Report
Annual 2019 Conference
Nashville, Tennessee

I want to sadly say that effective 2020 will be the last year for the Chautauqua Scholarship Program. It is really a tragedy that students are not able to do this anymore. The Scholarship Program was the most memorable part of my life. I truly would have been sad not to have been able to attend. 2020 will be the 100th year of the Chautauqua Scholarship program.

There are 68 members of the Scholarship Chapter.

Effective 2020, Chapter members who do not pay dues through their Branch will be Members-at-Large, & can mail their International & Chapter dues directly to Headquarters. Members who belong to multiple Chapters will be able to pay dues with one cheque.

A new Internship Program will be a perfect way to support students & IOKDS will benefit as well.

A \$500 donation was given towards a Health Career Scholarship for 2018
